

SMALL BUSINESS RATES RELIEF FRAUD IN ENGLAND

With nearly £20M in revenue lost to false Small Business Rates Relief (SBRR) claims across England, we highlight the lost revenue by region.

We've used HUB our ratepayer data pooling solution to identify that **over £19M** has been lost by English Authorities paying out business rates relief to small businesses who are not entitled to it.

TOP 5 COUNTIES BY LOST REVENUE

COUNTIES RANKED 6TH TO 15TH IN LOST SBRR REVENUE

Stats we've shared on LinkedIn

What our customers say ...

“ Even in a relatively small council such as South Ribble the amount of incorrectly awarded relief and subsequent additional income that HUB has identified has far exceeded our expectations. ”

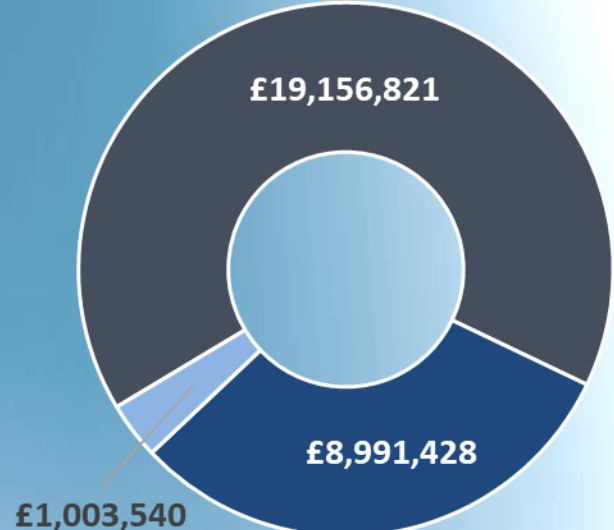

**Revenues Manager
South Ribble Council**

How the figures tally up across the North, South and Midlands

- Total loss of Revenue across Southern England
- Total loss of Revenue across Northern England
- Total loss of revenue across the Midlands

Value of top 10 biggest revenue losers vs bottom 10

- Total loss of Revenue across English Authorities
- Total loss of Revenue across top 10 Counties
- Total loss of Revenue across bottom 10 Counties

Following the merging, consolidation and processing of data on over **1.3 million hereditaments** with a combined rateable value of **£23 billion**, we found that a number of businesses claiming relief have been doing this erroneously or falsely.

Your Authority could be losing thousands of pounds due to false claims!
